2. **Identification of Red (Hotspots), Green and Orange Zones**
 - i. Based on their risk profile, the criteria for dividing the districts of the State into three zones, viz., **green, red and orange**, will be as follows:
 - a. **Green Zones:** Green Zones shall be defined as per the following criteria: districts with zero confirmed case till date; or; districts with no confirmed case in the last 21 days.
 - b. **Red Zones or Hotspot Districts:** Districts shall be defined as Red Zones or Hotspot districts, by Ministry of Health and Family Welfare (MoHFW), Government of India (GoI), taking into account total number of active cases, doubling rate of confirmed cases, extent of testing and surveillance feedback.
 - c. **Orange Zones:** Districts, which are neither defined as Red nor as Green Zones, shall be Orange Zones.
 - ii. MoHFW will share the list of Red Zone (Hotspot), Orange Zone and Green Zone districts and related information with the State periodically. The District Collector, on review, may consider inclusion of **additional areas** as Red Zone (Hotspots) and Orange Zone depending on the extent of spread of COVID-19 infection. **However, it shall not lower the classification of any district, that is included in the list of Red Zone (Hotspots) and Orange Zone districts by MoHFW.**
 - iii. The Districts classified either as Red or Orange Zones, may have one or more Municipal Corporation (MC) areas. In such cases, the District administrations may make an assessment of the distribution of cases - within the jurisdiction of the MC(s);

and the area falling outside the MC(s) boundaries. In such cases, the classification of zones shall be as follows:

- a. In case the district is classified as a Red Zone, and, there is no confirmed case in the last 21 days in the area of the district outside the limits of the MC(s), this area may be labeled as an Orange Zone. However, due caution may be exercised in such areas so that they remain free from COVID-19 cases.
- b. In case the district is classified as an Orange Zone, and, there is no confirmed case in the last 21 days in the area of the district outside the limits of the MC(s), this area may be labeled as a Green Zone. However, due caution may be exercised in such areas so that they remain free from COVID-19 cases.
- c. In case in the area of the district outside the limits of the MC (s) does have one or more confirmed case(s) in the last 21 days, this part of the district shall continue to be labeled as a Red or Orange Zone, as per the classification of the district.
- d. While assessing the classification of a zone, cases should be registered in the zone where the case originates, rather than where it is treated.
